

Barling, Ark.

Health is fine in this part of the country. Weather is pretty and warm, and it is real fine for the farmers as they are very busy gathering their crops they have gathered the corn crops and will soon have the cotton crops picked.

There is going to be a box supper here Nov. 30, to be given by the Woodmen's Circle; we are expecting a large crowd to be present. Would like to see some of our relatives there from Frisco, Texas or Elmer, Okla., or perhaps from Van-Alstyne, Texas, and Tennessee. Grandpa of Cookeville, how are you these days? I wonder if you still intend to visit your children next summer; I trust that you will not lose that notion and pay us a visit, stay all the summer and fall at least.

Elmer, Okla., and Frisco, Texas, why don't you write again; I don't think I'll ever forget the trip out west this past summer nor that I could make any of our relatives enjoy themselves like I did although I wish that they would risk us just once anyhow.

Uncle Harrison and others aren't you all going to spend Christmas with us? you should come and see how we people spend Christmas down in Arkansas.

Would like to hear from little Cecil Robinson of Frisco; we heard that he had typhoid fever.

J.W. Maddux, of Barling entertained quite a number of friends at his home Sunday afternoon. His granddaughter Miss Pearl Smith, was married to Mr. Hershall Smith of St. Smith.

Hope to hear some news from some of the relatives in different States.

Enclosed you will find 25 cts for subscription to the Herald. I have just received a sample copy of your newspaper and seeing no letter from Virginia I thought I would write a few lines I hailed from Tennessee more than one year ago. I am a mountain hoosier from Cumberland Co.; taught school in that county for about twenty years. I never taught in White Co. tho I helped Bro. Lige Weaver hold a revival meeting there and know something about the good people of your county. I saw names of several people in the Herald that I knew. I enjoyed the letter from Ranger,

Ga. I have taught five schools in Georgia and think that a fine old state.

Sometime I may tell something about these Virginia mills that will be of interest to some who have never been in the State. This country is quite different from Tennessee, Georgia, Missouri, and some other states in which I have been.
